

## Colorado Springs Rod & Custom

### April 2020 Newsletter

**Department Motor Vehicle notice:** If you are unable to renew your license plates because the emission testing shops are closed due to the China Virus, no late fees will be charged. The procedure is complicated and if you are affected by this let me know and I'll forward/mail the info to you. We shouldn't have many of our folks affected by this.

**Saturday, April 25<sup>th</sup>, Culver's in Falcon;** 19 Club members and wives met with 11 rides, went thru the Drive Up Window and parked in their big area and carefully kept safe distance wearing our masks. The weather was great, no one was in a hurry to leave....a very fun time! I'd not seen rides before were Dean Mitchell's truck, Kool!, Marty Phillips shoebox Woody and Milt's Vette. Tony V had his Opel GT out but many of us had seen it before in his shop under construction.

Marty presenting Phyllis Anderson with her Honorary C/S Rod & Custom plaque! A well earned recognition

for her many years of quilt and lap robe making and great chocolate chip cookies.

Thanks to Marty Phillips and Mike Hynes for doing this fun event.

I hope you notice that we were all practicing Social Distancing and that all of you are now being " Safer- At- Home" as the Governor calls it.

### **Update on event cancellations:**

All **Canon City** Car events.

Pueblo **Riverwalk** now cancelled, not postponed as hoped. City decision. They sent my refund already...

Back to the **50's** and The **LA** Roadster Show

Colorado Collector Car Council **Havana Cruise**, BUT August 8<sup>th</sup> **Rocky Mtn Air Show**, Car show and big Swap Meet is still on. More details to come.

Hot **Rod Dirt Drags** at PPIR on June 6<sup>th</sup> we think are still on, efforts to confirm this are in process. Our Club may have the opportunity to again do the Tech inspections which we enjoyed....To Be Confirmed.

### **Keeping in touch with our guys:**

Tony Vigil talks to **Ron Christofferson** every couple days, he's OK.

**Larry Miller** has chemo every couple weeks, but says he's good for an old guy and we shared several laughs.

**Stan Destephan** says he's doing fine, no illness just bored in quarantine.

Haven't been able to reach **Darrell Tennant** and hope he's OK.

**Jim Olson** says he's doing well, had family with him when I called and needed no help.

Hot Rods by Marsh, **Marshall Sanders** sent pics of his projects; a 57 Ford Ranchero and a 40 Ford coupe on a new Pete and Jakes chassis with a Small Block Chevy.... A neat project!

I was able to convert Smart Fone fotos to email but in downloading them to attach to this they got lost in the ether... never to be seen again!

Why this prints this way is another mystery.....

**Humor** after 5 weeks of Sheltering At Home:

Told my wife I was planning to be cremated... you know what I was thinking about RIGHT?

She made me an appointment for next Tuesday.....
