

## Colorado Springs Rod & Custom

### October 2020 Newsletter

**Current info:** Tri State Car Show by The Sabers moved from March to this weekend was a go on Monday and Tuesday this week, but cancelled by the Governor's latest mandate on Wednesday. Here's hoping for 2021....

**Update on Dave & Darlene Post:** We heard at the last meeting that Dave had a stroke on his right side while travelling out of town. He is now in a Louisville, KY, hospital getting PT and is doing some better with speaking and walking. Darlene is said to be working on getting the truck and trailer back to C/S. Dave will be flown back to Colorado Springs November 1<sup>st</sup> we hear. Thanks to the Beaudean's for the info.

**Activities:** earlier this month there was a restricted entry car show in Canon City at A Dinosaur Museum. About 10 of our Club went down to a dinosaur museum but I have no photos to share.

**Stockers Show** was held Oct. 10 at the Havana Grille on North Academy Blvd. I counted 45 cars but some came and went enjoying the fine weather. Eric Rawls had his Falcon sedan delivery in the show. An interesting '62 Ford Convertible was shown by Randy Schranz that had been a give-away in the Pikes Peak Hill Climb. Was traded by the winner for a station wagon and purchased by Randy's dad. It's been in Randy's family ever since.

**2020 Turkey Run** will be held Sunday November 8<sup>th</sup> and arranged by Marv Shughart. Different this year, we will cruise thru 4 Senior Centers and a Police Station ending up at the Navajo Hogan. Starting time is 11 am at the usual Safeway parking lot on South Nevada. First stop will be the Roanoke St Sr Center that Darrell Tennant, long time Club member resides in.

**Santa's Workshop**, for Ft Carson families is an annual toy collection by the Club for soldiers children. We ask you to bring a toy or two to the Turkey Run for delivery to Ft Carson. They will have an open house at the Fort on November 17<sup>th</sup> and we have made a cash contribution by the Club as well.

**Pat Collins** has actively and diligently been trying to find a place for our annual Christmas Party that we can afford. With this current closure by the Gov, my wife tells me if there's any size group like last year she won't attend... probably good advice. For those guys at the last meeting who said they will attend I suggest they talk to their wives about this. We have a possible chance to go back to The Elegante Hotel thanks to Pat, but need a firm headcount. This coming Tuesday Club meeting is at The Navajo Hogan and **we need a final count and payment!**

We have several end-of-year things to wrap up so be thinking about solutions; Elections, Pizza Party and Member of the Year to name a few.

**Tony Vigil** asked for help putting the bed back on his truck. Didn't get a count, but many guys showed up in true Rodder fashion. We didn't realize the rear fenders were still on and also tailgate and taillights. Once started we made short work of the job. Tony thanked everybody profusely!
