

Colorado Springs Rod & Custom

November 2020 Newsletter

Another **Thanksgiving** has past and it was certainly different than any other in our memories.... “The turkey lost his gobble, He’s also lost much more...”

Just a reminder, all Club activities are **cancelled** until January 2021.

November started off with a successful **Turkey Run** put on by Marv Shughart and wife Laura... assisted ably by son Shawn. We collected a large amount of toys compared to prior years and the receipt by the **Mountain Post Santa’s Workshop** established the amount of \$670 in toys and gift cards and other cash. Thanks guys for your generosity. After cruising several Retirement Homes we ended up at Johnny’s Navajo Hogan back room to ourselves. Marv & Laura had many more prizes, gift cards for turkey than prior years and the food and company was good! I think I saw Dean Mitchell leave with the new rubber chicken, but don’t know the rest of the story.... The last time many of us got to socialize.

The toys collected at the Turkey Run were delivered to Santa's Workshop on November 20th and piled underneath the big Christmas Tree. They couldn't say enough about our support over the years and repeatedly thanked Colorado Springs Rod & Custom Car Club for our generosity.

Hope you all stay well and healthy in the coming days and that you are able

to share the Christmas Holidays With family and friends!
