

Colorado Springs Rod & Custom

March 2020 Newsletter

We've certainly learned some new words; Stay-At-Home, self quarantine, 6 foot distance, self monitor and now shutdown until April 30.

The 30th Annual Super Show, Hot Rods and Cool Bikes was held the first weekend in March with our Club being asked to bring some cars to the show. Bob C, Mike H., Eric R., Gene M. and Kent C. displayed their cars and Bob Collins took Best Hot Rod of the Show. Nice going guys!

Since all our Club meetings are cancelled for the foreseeable future, Bob Collins put together a list of known events cancelled/postponed as follows:

Collector Car Council, March 31st meeting in Colorado Springs

Sabers Show at Nat'l Western March 14th-16th.

C/SR&C Garage tour March 22nd

Canon Car Club March 28th

Outlaws Riverwalk Show May 2nd and Pueblo Garage tour April 18th.

NSRA Appreciation Day May 3rd

Florence Car Show on May 17th I don't know what's happened here and can't fix it.

First & Main First Saturday Shows cancelled til further notice.

Forney Museum Leadsled display for 90 days starting May 25th.

Next 3 NSRA regional shows cancelled/ postponed TFN.

At our last Club Meeting we were notified that the NSRA Fellow Pages was to be online only and we discussed a letter writing plan. We are asking our members to write in protest. You probably want to personalize your 2 letters so it doesn't look like a form letter and add anything germane based on your experience.

Mr Tom Vogeles, Editor

As a member of Colorado Springs Rod & Custom and longtime NSRA member I wish to express my concerns about the Fellow Pages becoming online only in 2020. How are we to carry it in our glove boxes?

Cell service is spotty and no-existent in many areas of the Southwest. Examples; I-25 between Santa Fe and Las Vegas, NM., Western Colorado, and rural areas of Minnesota. To mention a few.

The Fellow Pages is too much to download before each trip or even once a year. Many of us carry the current issue in our street rods and last year's issue in another car.

You stand to lose advertising revenue it seems, I am very doubtful any of us will go online to Fellow Pages to look for a parts supplier.

The Fellow Pages were a competitive advantage over GoodGuys and all other groups I am familiar with.

Sincerely, Henry HiRise

Hopefully many of you will write to NSRA and let your feelings be known!

Thoughts to ponder:

Gas is very cheap right now, but no place to go.

Visit the car virus in your garage, finish a project or start.

Avoid Ibuprofen, commonly in Advil, related to Corona virus deaths.

Pot Shops in Denver were closed and reopened by the Mayor along with the bars and liquor stores, truly essentials.

New York City closed 2 hospitals in previous years and like many others made little or no efforts to prepare for a possible pandemic.

Thoughts from President Bob... I hope everyone is doing well with the call to stay home as much as possible to prevent the spread of the Virus.

It looks like we are going to be out of business at least until April 30th like many others in our community.

I want to be sure that everyone knows that should you need help in getting or Mike 728 217 2708... for survival items.

I will be getting more information out about business that needs to be discussed and if you have something you want discussed let me know.

Regards and stay well!, Bob Collins

Jokes from the internet....

It's 2053 and we are finally opening our last 4 pack of toilet paper..... purchased in the 2020 panic.....

Back in my day, the only time there was panic buying was at LAST CALL!

My cell phone is so full of Virus Info it coughs, not vibrates.

What time of day do you get out of your nighttime PJ's and into your daytime PJ's??

Bad News of Saturday... Western Omelette is closing indefinitely.

Gene and Tony have been busy while staying home! Tony's ride has a new 327 motor and 700 R4 transmission
